Re: REACH Regulation (EC) NO 1907/2006/2021

3/9/2021

Dear valued customer,

Midwest Spring's products (articles) do not contain Substances of Very High Concern (SVHC) above the threshold value declared in the EU regulation. In an effort to assist you in your compliance to REACH regulations, we list the following chemicals as being used in our facility in the production of parts sold to our customers.

Long Term Rust Preventative

- Petroleum solvent
- Hydrotreated petroleum oil
- Dimethyl phthalate

Pro-Tek 33

- Alkaline water based rust preventative

Pro-Tek 31

- Rust preventative

Enamel Paint products

- ITW dykem products
- Staining colors

MSDS information is available upon request.

Sincerely,

Mid-West Spring & Stamping Co.

Amber Isley, Quality Manager

**We look forward to supplying you with the world's finest  
Springs, Stampings and Wire Forms.**
